1

#### **UK MANUFACTURING**

We are delighted that over 80% of products are manufactured in the UK using the latest manufacturing technology, ensuring the highest level of quality. This is reflected in the guarantees we offer. Buying local is a major contributor to assisting the economy and supporting the UK manufacturing industry.

2

#### **QUALITY FURNITURE**

All products are designed to comply with the latest European and British quality standards. Products are tested by FIRA which is a truly comprehensive service for the furniture industry and provides solid reassurance to customers that our products have attained an excellence that has been independently verified.

3

#### **PROJECT MANAGEMENT**

If you have a large project and need extra support, we are here to help and provide you with the best possible customised support and service to deliver a more professional and accurate project. Our after sales service team are also trained to offer ongoing guidance, support and assistance with any issues that may arise.

4

#### **ENVIRONMENTAL POLICY**

As an office furniture supplier, we recognise that our operations have an effect on the local, national and global environment. As a consequence of this, our company is committed to achieving continual improvement in environmental performance and the prevention of pollution.

5

#### SPACE PLANNING

We have a dedicated space planning department and our team of experienced surveyors can measure and detail an office space to ensure the accuracy of any office plan. Our planning department is able to create or suggest designs and floor plans to suit the needs of the space.

6

#### **RECYCLE SOLUTIONS**

When refurbishing a large office space, disposing of office furniture can be difficult and expensive. All your old furniture can avoid land fill and be recycled. Our recycling solutions will arrange to collect and recycle your old furniture, helping to reduce your carbon footprint whilst creating a modern office environment.

# **ELEV8<sup>2</sup> TOUCH**

#### SIT-STAND DESKING

The ability to sit and stand during the average working day has huge health benefits to the user, helping to burn calories, boost energy levels, improve posture and promote mental well-being. In addition to the numerous health benefits provided by periodic standing, studies show that Elev8² height adjustable desks promote creativity, team interaction, collaboration, and the willingness to share ideas.

The Elev8² Touch desking range provides the ideal solution to address the issue of employees who have a sedentary desk job and who do not spend enough time standing during the working day. Sit-stand desks create an environment where colleagues can collaborate at standing meetings before adjusting their desk back to a seated height to continue with their routine tasks.

# Elev8<sup>2</sup> Touch - Bluetooth Control Unit

#### Bluetooth Control Unit

Having the option to stand, as well as sit during the work day has been proven not only to benefit the health of the user but also of the business, dramatically improving health, well-being and energy levels of employees. However just simply having a height adjustable desk is not always enough to make some employees vary their posture throughout the working day. The app has been developed to remind you when it is time to change postures and help you achieve activity goals.

CODE RRP EVT-BCU £70

- · Memory function to set your own height preference settings
- · Customised sit-stand cycle to remind you to stand up at the right time
- Tracks all the time you've stood
- Calculates calories burned during your standing
- · Safety support with error alarm notices

Simply insert the dongle into the control box and fit to your existing Elev8<sup>2</sup> Touch sit-stand desk, download the free app and then pair the app with any connected Elev8<sup>2</sup> Touch desk to take charge of your work experiences. The height adjustable desk can then be adjusted via a smartphone or tablet.

Get the most out of your height adjustable desk by reminding you to vary your position during the day, with the ability to control the height of your desk as well as memory settings for everyday use.

# DESKING ELEV82TOUCH

# Elev8<sup>2</sup> Touch - Battery Pack

#### **Battery Pack**

With the Elev8² battery pack you can enjoy the smooth, fast, electrically powered height adjustable features of an Elev8² desk, without the need for any power leads. Perfect for accommodating sit-stand desks in locations where getting access to a wall plug may not be convenient, this battery pack discreetly mounts to the underside of Elev8² Touch desks and works for up to 4 weeks on a single charge.

A LED light and buzzer lets you know when you're low on power, and a recharge only takes a few hours. The Elev8² battery pack is perfect for people who like the idea of saving energy and going off the grid, at home or in the office.

# **ELEV8<sup>2</sup> MONO**

#### SIT-STAND DESKING

Elev8<sup>2</sup> Mono sit-stand desks allow the individual user to electronically adjust the desk height from a sitting to a standing position with the touch of a button. Having the option to stand, as well as sit during the work day has been proven not only to benefit the health of the user but also of the business, dramatically improving health, well-being and energy levels of employees.

Featuring value and versatility at its best, Elev8<sup>2</sup> Mono height adjustable desks with a single motor provide affordable features and durable design to transform the workplace with healthy flexibility and mass appeal. Put simply, a healthier workforce is a happier, more motivated and more productive workforce. Not to mention the reduced risk of sickness days due to back problems & other symptoms of sedentary work habits.

The foundation of Connex is a powder coated square steel framework for enhanced strength and stability that forms the structure of the range - finished in silver or white

#### Cable Management

Horizontal and vertical cable management allows cables to rise from the floor via mass cable risers and shared cable trays, to improve office aesthetics and safety

#### **Modular** System

Connex is a modular workspace system for high density office spaces. Assembly per cluster is quick and easy through its highly engineered parts which further increase the system's functionality

# **TR10**

#### MULTI-FUNCTIONAL DESKING

With its strong lines and elegant form, TR10 is a streamlined desking system built for demanding work places and is a popular choice for a wide range of projects. The cable managed cantilever leg design allows users to hide and store unsightly cables, keeping them off the ground where they could create trip hazards and making the desk area both safe and aesthetically pleasing.

The fully welded leg frames are robust enough to cope with the rigours of a busy office and are supported by a steel beam system for added stability. TR10's stylish, curved desktops are well-proportioned and will make a dynamic statement in any office, with a selection of desk clusters that make very efficient use of space whilst retaining a collaborative working environment.

# **SCREENS**

# **DESKTOP & FLOOR STANDING**

Most people work in open plan offices which offer employees very little privacy, which can be cause for frustration at times. Offering a variety of designs and styles, our range of screens and partitions not only offer a degree of privacy, but they also provide the finishing touches of colour to office furniture and add character to any office space.

Desktop screens allow employees to be more focused on their work by helping to cut out colleague's distracting and irritating telephone or computer sounds, in addition to improving office acoustics. Free standing floor screens provide visual, physical and acoustic barriers in any workspace by separating parts of the office into teams and groups or creating quiet work zones and breakout areas in open plan spaces.

# Fabrics - Screens

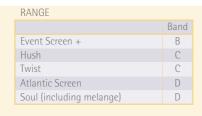

Fabrics specified for their acoustic properties are ideal for wall coverings, suspended ceiling panels, desk mounted or free standing screens. The job of the fabric is to allow sound to pass through cleanly, or provide a degree of absorbency, which allows the specialist acoustic system behind to do what it needs to do.

### **Details** & Features

#### On-Desk Accessories

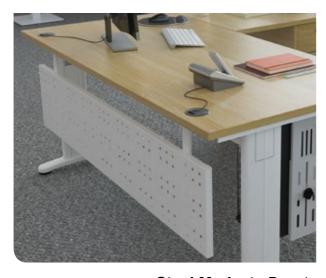

Monitor arms provide the ideal solution for additional desktop space while creating the perfect position for each individual user, or alternatively desk risers can be used which turns a regular desk into a standing desk

#### **Under-Desk** Accessories

Reduce the risk of bumping into the unit or damaging components with strong and practical CPU holders, together with cable management solutions to prevent cluttered cables and trip hazards on the floor

#### Steel Modesty Panels

Modesty panels can be fitted to individual desks to cover the knee space of the user, and they're a lightweight solution compared to wooden panels, but still delivering the same privacy in a sleek, perforated design

#### Office Accessories

Coat stands are handy for storing personal items instead of hanging them on the back of office chairs, and acoustic ceiling tiles can fit in standard ceiling grid systems to help control noise in interior environments

## Luna - Monitor Arms

#### Luna Monitor Arms

Luna monitor arms are designed to enhance maximum flexibility of the office environment, ensuring user comfort when using the screen. The well-being of employees in the office space is becoming more vital, and the number one cause of lower neck pain is due to incorrect monitor positions, allowing users to work in a more comfortable position. The Luna range of single and double monitor arms are affordable for any budget, but with no compromise on important features.

# **POWER & DATA**

#### **ACCESSORIES AND GADGETS**

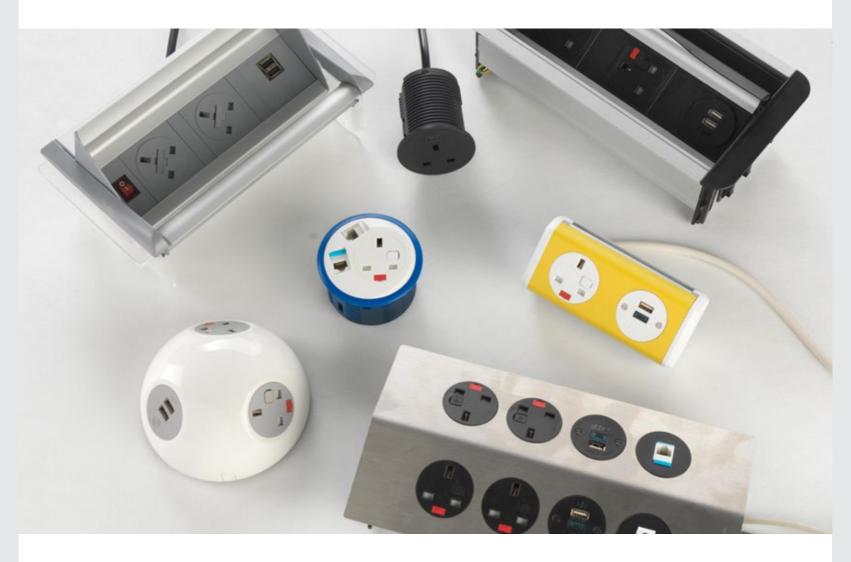

Today the world is fast-paced and ever-changing, and the modern office is now a home to some of the most advanced technology you'll see anywhere. Furniture and equipment that allows quick set-up and connections is a high priority so employees can take their electrical devices with them and pick up where they left off in another working area, reaping the benefits of a more connected, advanced working environment.

The clean, functional mix of styles and shapes of the smart power solutions are designed to complement the furniture and ensure easy access to a power supply. Productivity and employee engagement are paramount to a company's success, and by taking these products and technology trends into consideration when designing an office space, businesses will become more personalised workplaces.

# **TABLES**

#### BOARDROOM, MEETING & DINING

Create bespoke boardrooms, executive offices, team workspaces, training areas, meeting rooms or dining spaces with flexible versatility. Boardrooms and meeting rooms are an integral part of any office and it's the room where it all happens. It's the key place for strategic planning, where crucial business decisions are made and where important deals are struck.

Café & Dining tables are sleek in appearance but built to withstand the varied demands of everyday life for employees to dine or hold informal meetings. Poseur tables can be used with either bar height stools or simply as an additional surface for drinks and for people to gather round, and a coffee table is a great choice in any reception area to balance magazines, play host to drinks or even to rest your feet on during a break from work.

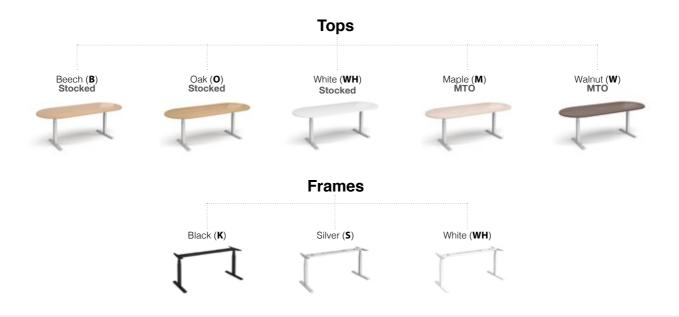

## **ELEV8**<sup>2</sup> Sit-Stand Boardroom Tables

The new Elev8<sup>2</sup> Touch height adjustable tables combine unique design with versatility to transform corporate spaces like boardrooms into flexible meeting places. # **SEATING** 2020 COLLECTION

The average office worker spends more than 75,000 minutes in a seated position every year, so selecting the right office chair is a very important decision. The ideal seating solution not only has a significant impact on the 'look' of the office due to our extensive choice of stocked and made to order fabric styles and colours, it also affects the comfort, productivity and long term well-being of each and every office-based employee.

Bringing you more choice than ever before, our seating collection includes entry level, mid-range and premium products, with consistent design values and production quality. The range includes executive & manager seating, fabric and mesh back task & operator chairs, meeting room seating, dining chairs, reception and soft seating, bringing you the very latest in style, comfort and functionality for all areas of the office.

### **BUYING GUIDE** Are You Sitting Comfortably?

The application of ergonomics in your workplace will make the environment more comfortable for all employees, boosting productivity and reducing stress – something that serves both the employer and employees alike.

Selecting the right office chair does not have to be complicated. The key points to remember when choosing office chairs are, how long are the chairs are being used for and what activity will the user be doing while using the chair.

### **Head rest**

Comfort and support option for executive chairs

#### **Back rest**

Allow the spinal column to follow the natural 'S' shape. Height adjustability and lumbar supports will assist

#### **Arm rests**

Provide support for the upper body and therefore reduce the stress on the users shoulders and back. However, they should not restrict free movement

#### Seat tilt

Adjust to improve your comfort

#### Seat slide

Seat depth should allow the user to use the back support without the front of the seat pad pressing against the back of the lower legs

#### Chair base

5 star base with weight loaded castors

### Levers

Used to fine tune your position and comfort.
Adjusting seat height, tilt and lock

**Lumbar support** 

Adjusts to support the

lower back and spine

### Seat height

Allow for your feet to be firmly on the floor when seated. The seat height should be just below the knee cap when standing.

#### **Castors**

Standard, weight loaded castors, soft castors or glides

### **Contents** Seating

#### SEATING FAMILIES

Everybody deserves a good office chair which has the movement and positioning capabilities to enable people to sit comfortably, whilst at the same time encouraging productivity by seamlessly supporting the body during work activities. That means combining the right ergonomic design and advanced functionality for optimum flexibility and comfort, in addition to selecting the customer's individual choice of chair fabric that coordinates with the interior design style or corporate branding.

Well-designed office layouts do more for a business than visual beauty alone, and the variety of chairs and their functions go a long way toward fulfilling all the needs of the workforce. By providing functional, comfortable, and visually pleasing options for employees to use throughout the working day in a selection of fabric styles and colours, you're enabling them to enjoy the space while doing the best job they can for the business. And in that way, everybody wins.

### Fabrics - Usage

### **Fabric choice**

There are a wide choice of fabrics available and it is important that you select the right fabric for the application as well as creating the perfect finish to the chairs.

### **Fabric bands & recommendations**

Not all fabrics are suitable for soft seating / reception seating. Fabric banding and application pages show all fabrics grouped in the relevant pricing bands together with recommended usage. We cannot guarantee the finish of any chair that is ordered in fabric that is not recommended for that application.

#### Hazard ratings

Low - EN1021 Parts 1 & 2 cigarette and match

Medium - BS5852 Ignition source 5 / Crib 5

#### Photographed upholstery

While every effort is made to represent colours accurately, we cannot guarantee the colours you see exactly match the colours of the actual fabric due to printing processes.

#### Fabric bands

Please contact our sales team for a price if your preferred fabric choice is not listed. Please make sure you check the suitability of a fabric before recommending a product. If two fabrics are used on one item e.g. two-tone, the cost is calculated on higher of the two fabric bands

#### Colour variations

Whilst every effort is made, no guarantees are made against the minor variations in the colour of commercial fabrics. All striped fabric will be upholstered vertically unless advised.

#### Customers own materials

Fabrics not listed or customer supplied fabrics need to be approved before acceptance of orders. A pattern charge may apply to some fabrics. We reserve the right to reject fabric that we believe to be unsuitable for the product. We are unable to guarantee any product meeting fire regulations or standards which is supplied by a customer.

Please contact our sales team if you would like any fabric samples sent out to you.

### **Seating** Guarantees

All seating products are guaranteed for a period related to the usage and the structural capability of the chair or soft seating.

Regardless of usage, all seating products are guaranteed against manufacturing defects, except for upholstery, castors and mechanisms which are subject to usage related wear and tear. The suggested maximum weight loading and hourly usage should not be exceeded. The guarantee is effective from the day the chair leaves the factory and the supplier reserves the right not to apply the guarantee in cases of inappropriate use or when the chair has been tampered with by a third party or interventions by non-authorised personnel.

### Seating Guarantees - Made to Order

All products that show this symbol are made to your specification and to order. It is our policy that once these products have been ordered they cannot be cancelled.

### **Priority Fabrics**

We have committed to stocking a range of 16 best-selling fabrics and 2 vinyls, which will allow us to offer customers an even faster turnaround across the seating range and tailor seating choices to customer's individual specifications.

Xtreme from Camira is a modern crepe weave fabric made from 100% post-consumer recycled polyester, diverting waste from landfill and saving virgin raw materials. Its stretch properties, coupled with high flame retardancy, meeting BS5852 Ignition Source 5 make Xtreme an ever popular fabric for task seating for all contract, commercial and public sector use.

This colourful selection of fabric colours in the Camira Xtreme range can bring the corporate palette into the office interior, create a cohesive look or even zone different areas.

#### **Camira Xtreme**

### Fresh Vinyl

We aim to produce all made-to-order task & operator chairs in these priority fabrics within a 10 day lead time.
