

AVM10-series

LCD Monitor Arm Stands with desk clamp

The AVM10-series are our basic range of monitor stands.

Compatible with most 15" to 27" monitors (24" for AVM12T), these monitor stands clamp to the desktop, and offer essential adjustments as required by modern professionals: height, tilt angle, pan left/right, and rotate portrait/landscape.

- Fits most 15" to 27" monitors up to VESA 100x100 (15" to 24" for AVM12T)
- Heavy duty steel construction: up to 10 kg per monitor or 60 kg per stand
- Tilt up/down 30°, pan left/right 90°, and rotate landscape / portrait
- 44cm or 72cm pole and tool free height adjustment
- Mount via clamp to desk or grommet mount (through desk mount included)
